A Taste You Can Trust!

When I think of a great hamburger, it's juicy, tastes great, and I use both of my hands to eat it. BurgerMeister started as my idea to bring back the classic American comfort food, naturally flavorful, grilled to order hamburgers. We don't have secret sauces or seasonings in our recipe because the quality is in our beef. All of our burgers, including the world famous award-winning Meisterburger® are made with Niman Ranch® all natural, hormone-free and antibiotic-free beef.

In 1999, we opened the first BurgerMeister on Carl Street in San Francisco's Cole Valley where we introduced our distinctive hamburgers. We then expanded our menu to include other sandwiches, salads, and desserts. BurgerMeister is now a destination for neighborhood locals and world travelers. Our great tasting burgers have earned top honors and awards for Best Burger by CitySearch, Food Network, and the prestigious Michelin Guide. Even with all the popularity and awards, we are proud to still be family-owned.

BurgerMeister supports a greener Earth by engaging in environmentally conscious business practices, utilizing 100% natural products, biodegradable packaging, and 100% recyclable materials whenever possible.

Our promise is to offer great food and service at an exceptional value in an enjoyable environment. We owe our gratitude to you, our guests, because your patronage and praise encourages our company to thrive in your community.

Welcome to BurgerMeister

Paul Mogannam

Our all-natural beef is Niman Ranch® certified humanely raised – no added hormones or antibiotics ever.

Our burgers are served with lettuce, tomatoes, onions and pickles on a gourmet sesame seed bun or whole wheat bun, and **your choice of natural cut fries, coleslaw, or spring salad mix, or upgrade your side**
